

NEIL PEARCE

PRODUCT DESIGNER (UX+UI)

I have over 16 years experience as a digital designer and built my career in a variety of roles that include UX, UI, web and graphic design - designing easy to use web, mobile and SaaS applications based on user needs and goals (UCD) either remotely, client-side or agency-side. I also possess a few years of frontend development skills.

PRESENT

SENIOR CREATIVE DESIGNER

Axian Consulting - Remote

Working fully remotely as a senior creative designer for a consultancy company that provides a comprehensive range of safety consulting and patient risk management services, across the product lifecycle for pharma, biotech and medtech clients.

Duties include:

- Wireframing
- Motion Graphics/Video
- Web/App Design
- Prototyping
- Design System Creation
- UX Research

SEPT 2022 -
JULY 2023

SENIOR PRODUCT DESIGNER

TDY - Remote

Working fully remotely as a senior Product Designer for a design agency, working on various design projects that include - SaaS products, websites and web & mobile apps.

Duties include:

- Wireframing
- User Flows
- User Journeys
- UX+UI Design
- Design System Creation
- UX Research

AUG 2019 -
SEPT 2022

SENIOR DIGITAL DESIGNER

The Registered Office Ltd - Ipswich, Suffolk.

Working for a company that is a B2B and B2C service provider specialising in mailing address and telephone answering services. My role here is to update the company websites, create new services and websites for our digital marketing sector, new admin system redesign and general design tasks (biz cards, flyers etc)

Duties include:

- Wireframing
- Digital Marketing
- User Flows
- UX+UI Design
- Frontend Development
- Graphic Design

JAN 2019 -
AUG 2019

UX+UI DESIGNER

Hanzo - Remote Contractor.

Working remotely in a small design team for a company that offers eDiscovery services to clients such as BBC, Channel 4, Facebook, Twitter and Comcast. My role here was to take a lead role on the UX/UI of their newest desktop product that provides users with powerful controls to apply a legal hold to enterprise Slack data.

Duties include:

- Wireframing
- Prototyping (Figma)
- UX+UI Design
- User Flows
- Design Sprints (weekly)

APRIL 2016 -
JAN 2019

UX+UI DESIGNER

Azexis - Ipswich, Suffolk.

Working in-house for a company that has built their own eCommerce platform called 'Evince'. My duties there was to design and implement UX strategies and assist with the development of the UI elements for the admin backend that company admins and partners would have access to. I would also design new website themes for the theme library of Evince. Working in agile/scrum methodology I would help grow the platform and interact with our partners and clients to find solutions that to their needs and goals.

Duties include:

- Wireframing
- UI/UX Design
- HTML/CSS
- Prototyping
- User Journeys

2012 - 2016

WEB DESIGN VIDEO COURSE EDITOR

Envato Tutsplus - Remote Contractor.

While I was freelancing (see below), I began writing tutorials and recording video courses on various topics on design. As a result, I was offered a lead/management role within the tutsplus team at Envato. This was a remote contract role and I ended up managing over 15 international instructors, mentoring them on how to record video courses on their chosen subjects. During my four years at Envato Tutsplus, I published well over 200 courses for our subscribers on Web & UI design, Illustration, Graphic Design and Motion Graphics.

Duties include:

- Video Course Production
- Lead / Management
- Blog Writing

2008 - 2012

JUNIOR WEB DESIGNER

Clare Web Design Ltd - Brightlingsea, Essex.

My first position as a web designer, which was for an Essex based design agency start-up. While here I learned and grew as a web designer, learning the core fundamentals of front-end development, such as HTML5, CSS3, JavaScript (jQuery), and basic PHP. The work was often greenfield projects, but the majority was had-hoc duties to existing client websites.

Duties include:

- UI Design (Photoshop)
- HTML/CSS
